OT-100 Rodent Operating Table

The LETICA®'s OT-100 Rodent Operating Table offer a convenient, non-absorbent and easily cleaned PVC platform, jointly with a set of fixing tools.

Measures: 300 x 200 x 120 mm

- Rodent tables offers:
- Fully tilting platform with an easy to use fixing mechanism
 - Non sliding feet

OT-200 Homeothermic Rodent Operating Table

The Letica®'s OT-200 Homeothermic Rodent Operating Table uses the HB 121 Control Unit as the DC power supply for the platform heating. It needs two temperature probes, to control the temperature of the animal and the temperature of the table itself.

Measures: 275 x 210 x 120 mm
